Subject: Notice of Permit Closure, Fraction Lode Mine, M0450041, Task ID# 1599,
Tooele County, Utah

Dear Ms. Timm:

Pursuant to your request of October 19, 2006 to inspect and close the file for the Fraction Lode Mine (M0450041) in Tooele County, Utah, the Division has reviewed the file and determined that there has been no mining at this site since prior to 1976. Although there was historic mining at this site, it has been determined that the disturbances have not been re-affected since the effective date of the Utah Mined Land Reclamation Act. Therefore, you have no reclamation responsibility under the Act. The Fraction Lode Mine file will now be closed and the permit released.

Should you desire to conduct mining or exploration operations in the future, you will first need to submit a new Notice of Intent and a reclamation surety for approval prior to conducting any mining related activities.

If you have any questions or concerns regarding this action, please contact Reclamation Specialist, Lynn Kunzler (801) 538-5310.

Sincerely,

Susan M. White
Mining Program Coordinator
Division of Oil, Gas and Mining
